

# ■ NEW FEATURE: Legendary Character Cards

Legendary Character Cards are ultra-rare, transformative cards that allow players to embody a powerful character. Upon materialization, the player adopts the abilities, visuals, and passive traits of the card. These cards offer permanent use but are one-time consumables. Only one Character Card can be active at a time—activating a new one destroys the previously equipped character card.

■ Exclusive Use	Only one Character Card can be active at any time
■ Replacement Destroys Previous	Using a new Character Card deletes the previous one
